Subject: 186 East River Road - ZBA1-19-DN

Good Morning Dan,

After reviewing the application I have a few concerns,

- 1) I wonder if we can receive some documentation that will confirm the construction of the proposed driveway will in fact support fire vehicle use.
- 2) Are they going to provide a turnaround access for fire vehicles?
- 3) If this proceeds forward, we will need to collect the Rural Firefighting Fee.

Let me know if you have any questions,

Tom
