 - i. service connections to buildings where no other reasonable means of providing service exists and the Company had no requirement to provide service before the new pavement was placed;
 - ii. Emergencies; and
 - iii. other situations deemed by the General Manager of Operations to be in the public interest; and

- (e) if the Municipality has required the Company to grind and overlay under either **subsections (a) or (b)** above, the Company will have no obligation to pay Pavement Degradation fees under **Schedule A** in relation to that pavement.

5.3. **Temporary repair.** Where weather limitations or other external conditions beyond the control of the Company do not permit it to complete a final repair to the ROW within the expected period of time, the Company may complete a temporary repair to the ROW; provided that, subject to **Section 5.5**, the Company replaces the temporary repair with a final repair within a reasonable period of time as established by the Municipality. All repairs to the ROW by the Company shall be performed in accordance with the Municipal Guidelines and to the satisfaction of the Municipality.

If a temporary repair gives rise to an unsafe condition, then this shall be deemed to constitute an Emergency and the provisions of **Section 4.6** shall apply.

5.4. **Warranty for repairs.** The Company warrants its temporary repair, to the satisfaction of the Municipality until such time as the final repair is completed by the Company, or, where the Municipality is performing the final repair, for a period of two (2) years or until such time as the final repair is completed by the Municipality, whichever is earlier. The Company shall warrant its final repairs for a period of two (2) years from the date of their completion.

5.5. **Repairs completed by Municipality.** Where:

- (a) the Company fails to complete a temporary repair to the satisfaction of the Municipality within seventy-two (72) hours of being notified in writing by the Municipality, or such other period as may be agreed to by the Parties; or

If the Company is unable to provide either line or elevation information within an agreeable timeframe, the Municipality may invoice the Company for any costs reasonably incurred by the Municipality in determining the line or elevation of the Equipment within the right of way. The Company shall remit payment for these costs to the Municipality upon receipt of these invoices.

- 6.3. **Inaccurate Locates.** Where the Company’s Locates do not accurately correspond with either the Mark-ups or physical location of the Equipment, and as a result, the Municipality is unable to install its facilities within the affected right of ways in the manner it expected based on the Locates provided by the Company (the “**Error**”), the following shall apply:

- (b) the Parties shall enter into meaningful and good faith negotiations to execute a New Agreement and, if, after six (6) months following the expiry of this Agreement, the Parties are unable to execute a New Agreement, then either Party may apply to the CRTC to establish the terms and conditions of the New Agreement.

However, prior to the discontinuance or conveyance of the ROW, the Municipality shall provide an easement to the Company for its Equipment at the Municipality's cost. The Municipality will be responsible for the cost of registration of the easement in the land titles office.
