If you allow this application to go through, reducing the minimum frontage from 20m to 18.6m, it will set a precedence going forward. This will allow houses to be shoehorned in, which will take away the small village look that Mount Pleasant is known for. This year it's 18.6m then next year it will be 18m. My wife, Darlene and I at 599 Mount Pleasant Rd, are totally against this application. We live in Mount Pleasant for the space.

Thank-you
Randy Montani
