Thanks for the comments John and I'm going to have our Planning Committee clerk, Alysha,, add them to the Planning application along with all the other good comments that came in.

Regards,  
Dave Miller

**Subject:** Maple ave school.

Good evening Councillor .

The proposed development for Maple ave school is all wrong at this location. Listening to many citizens in talking with them while handing out Flyers re the meeting.

Growth is important but must be guarded. Well water, sewage , rainwater and 2 massive building is a big worry for all of us and should be for council.

To build 8 possibly 10 single family homes would be acceptable .

Please convince the property owner to work with the community and do the right thing.

Truly would you like to live next the proposed project ?

Thank you in advance to do the right thing here.

John Waters
