Alysha,

Can you please include Marian's comments in our Planning package this evening?

Thanks so much.

To the planners of Burford.

I would like to express my absolute disapproval of the re zoning of the Maple Ave property that was old school building to be "high density residential". I don't feel this is in the best interest of the people of Burford. Other solutions are available more in keeping with our small town values. Also we DO NOT need municipal water. I feel most people are happy with Burford not growing into something big with big problems. Thank you for paying attention. Marian Fritz [REDACTED].
