Good Morning Dave

Thank you very much for your email.

The proposed tower is still under review. The current submission did not get support from the Planning Committee, and the request was deferred until modifications to the proposal could be made.

Timing is unknown at this time.

Thanks,

Councillor Brian Coleman,

I'd like to introduce myself. My name is Dave Ford and I live at 508 Baptist Church Rd.

My wife and I have been excited at the proposal to build a communications tower at 447 Baptist Church Rd.

The services available in this area of the county are quite lacking and we are looking forward to the enhancements that this tower will provide.

I am writing to inquire as to the likely timeline as this project moves forward. I have not seen anything further since the committee meeting in the first week of February.

Would you be so kind as to provide an update on this important project.

Thank you Councillor Coleman for your time and effort.

Sincerely,

Dave Ford
