Good morning Dan,

My name is Ken Pearce, son of Terry and Karen Pearce who live at [REDACTED]. My parents aren't super computer friendly so they asked me if I could write this email for them from the rough copy they had written out.

Terry Pearce and his family live directly across the road from the proposed Bell Mobility Tower at [REDACTED], Caledonia Ontario. We have also been informed of a hydro pole being installed in front of our home. The 90 metre tower with flashing and what other lighting will be on, it will be shining in our bedroom windows. The Health and Safety of the community should be top priority. We realize that a tower is needed in this area but not close to our homes. This will also impact the Real Estate value greatly.

If you would like to discuss things further you can contact Terry and Karen Pearce at ([REDACTED])

Thanks
