Summary of Councillor

Councillor	Southwestern Integrated Fibre Technology (SWIFT)	Brant Condominium Corporations' Association	Comments
David Bailey	X		
John Bell		X	
Robert Chambers			Councillor Chambers "My first choice is to continue my appointment to LPRCA. Otherwise, wherever the nominating Committee deems appropriate". Also noted: SCOR-Only 3 of 10 are returning
Brian Coleman			Councillor Coleman: re: Administration & Operations Committee "Back to daytime meeting"
Christine Garneau			See comments below
Steve Howes			Councillor Howes: re: Paris BIA "Not available Tuesdays"
Jennifer Kyle			Jennifer: "One thing I would love to see happen at the county level is a focused effort on diversity, equity and inclusion (DEI). It wasn't immediately apparent which committee something like that might fall to, or realistically , it might actually warrant its own committee at some point. Since you know much more about which committees do what than I do, if there is a committee you think that something like DEI would fit under and I haven't already checked it off, feel free to check it off for me!"
John MacAlpine			
David Miller	X		
Lukas Oakley			
John Peirce			
			Christine Garneau: I understand there were some who may have anticipated I'd express interest in the John Noble Home and Social Services Committees. Although perhaps not expressly a conflict of interest, this oversight role intersects with my work outside of Council in ways that would likely create discomfort for City staff. I manage the property maintenance contract for the housing sites as part of my work at J.B. Landscape Construction Ltd. and regularly interact with property managers, support staff, and accounts payable. It's not possible for this work to be re-assigned within my partner's firm given our small size and the contract is important to our financial sustainability, so I think it would be best for everyone that I be appointed to other committees. All of the committees I expressed interest in currently work for me as scheduled. I'm unable to accommodate the BCHU, GRCA or the SCOR committees based on their scheduling/location.
			<i>**Please note that the status of the City of Brantford Economic Development Advisory Committee, City of Brantford Tourism Advisory Committee, Tri-Council, Brant/Brantford & Six Nations Impaired and Distracted Driving, and the BCHSYS Community Engagement Committee are unknown. Staff have deleted them from this listing and recommend that Council review any appointments to these committees upon request.</i>
