Hello

I am writing with regards to the provincial government's Bill 23 that has already passed 2nd reading. This Bill, if passed will have significant negative impacts on municipalities and Conservation Authorities. I am unclear but very concerned about the potential consequences on the County's new Official plan from this and other recent actions that the province has taken.

I thought I would share this report with a comprehensive analysis of Bill 23 for your consideration.

The City of Waterloo and others have passed motions re: Bill 23 (along the lines of what happened that helped pressure the government to change course with Bill 66), and I wonder if the County might also consider passing a motion to protest this bill.

I have attached the motion from Waterloo for your consideration.

Please feel free to share this message.

Thank you.

Joan Faux
